Hey, did you manage to finish the English assignment yet?
It took me forever to figure out what to write for that last question. 🤪

Yeah, I just finished it this morning. That last question was tricky! I ended up writing about how technology impacts our daily communication. What did you write about?

Oh, I went with a completely different angle—I wrote about how traveling can broaden your understanding of language and culture. I hope it's not too off-topic.

That sounds really interesting! Just make sure to check for grammar—Mrs. Carter is really strict about that.

What is the dialogue about?

- A. Planning for doing an English assignment.
- B. Preparing for handing in an assignment.
- C. Writing some essays about technology.
- D. Discussing the English assignment.
